2025/10/02 17:55 1/8 The GENERA PAM Tool

The GENERA PAM Tool

PAM

- Find measures to improve on Gender equality in your institution

- Removing barriers to the recruitment and career progression of female researchers

- Equal opportunities for career progression for male and female researchers

- Supporting the retention & career progress of female researchers

Where do you want to become active?

Career management and progress

Last update: 2019/10/17 07:34

Potential activities	Examples for measures	Indicators related to the activity	Indicators related to the target = Indicators to measure changes
----------------------	-----------------------	------------------------------------	--

2025/10/02 17:55 3/8 The GENERA PAM Tool

Potential activities	Examples for measures	Indicators related to the activity	Indicators related to the target = Indicators to measure changes
Assessment of researchers' performance	Establishment of an evaluation or appraisal mechanism for assessing researchers' professional performance	 Evaluation or appraisal mechanisms for assessing researchers' professional performance exists (yes/no) 	

- Transparent promotion system in place
- Number of submitted tenure applications
- Number of awarded tenures
- Number of promotion applications
- Number of admissions (of promotion applications)
- Share of women and men among applicants for promotion
- Share of women and men among promoted researchers
- Success rate for women and men applicants for promotion
- Share of female researchers promoted in a higher category/grade

Potential activities	Examples for measures	Indicators related to the activity	Indicators related to the target = Indicators to measure changes
(Gender) Career Management	Career advancement plan for women Gender career management Ensure that research staff are aware of career/professional development options Introduction of a dedicated organizational career development strategy	Dedicated organizational career development strategy exists (yes/no) A career advancement plan for women is in place (yes/no) Staff has been informed about career/professional development options (yes/no)	
Career monitoring	• GE monitoring of the long-run career trajectories (including mobility)	• Career monitoring in place (yes/no)	
Promotion policies and practices	Possibility of stopping the tenure clock at universities due to parental leave or family leaves Supervisors encouraging women to take over more responsibility	 Promotion policy in place (yes/no) Stopping the tenure clock is possible (yes/no) # of researchers using the possibility to stop the tenure clock, by sex 	
Trainings / seminars	 Provide trainings for young female physicists that prepare them for their career Trainings for re-entering women Trainee programme for potential female leaders 	• # of trainings held • # of participants	
Coaching	Individual coaching for female post-docs Individual counselling	# of coaches # of coached female post-docs # of coaching / counselling sessions held	
Workshops	 Soft-Skill workshops Workshops for developing career plans and goals Workshops for career and life planning 	# of workshops held# of participants, by sex	
Qualification programmes for female scientists	Management programme for female professors and managers (training) Programmes for interdisciplinary further education and interdisciplinary exchange Personal and professional development programmes for women	# of programme participants programmes are available (yes/no)	
Career consultation	Individual career consultations	# of researchers who used the individual career consultation	-
Grants and Fellowships / Funding schemes	 Grants for young women researchers for individual career development measures Post Career Break Fellowship Fellowships for female post-docs Programmes that finance positions with resources and staff for a fixed period of time to establish (female) scientists as scientific leaders 	# of awarded grants / fellowships / positions	
Mentoring	Mentoring for researchers (especially graduates/doctoral researchers and postdoctoral researchers) Mentoring for young female scientists	Mentoring (yes/no) # of researchers benefitting from the mentoring programme, by sex Annual budget allocated in EUR Increase in leadership positions by women who participated in the programme [EFFORTI D3.31]	
Networking / Supporting networks among female physicists	 Programmes including the opportunity for (interdisciplinary) networking Regular meetings for female physicists Conference for female physicists 	 Specific events / programmes to support networking among female physicists are offered (yes/no) # of participants 	
Online platforms	e.g. femtec (https://www.femtec.org/en) Web-based communication platform (network) for female scientists at the university	• # of users / views	

2025/10/02 17:55 5/8 The GENERA PAM Tool

Supporting the retention of female researchers

Potential activities	Examples for measures	Indicators related to the activity	Indicators related to the target = Indicators to measure changes
Working contracts	 Policies to improve the situation of temporarily employed staff/researchers to facilitate their precarious employment status and career perspectives Extension of post-doc posts in cases of pregnancy Contracts take major life events into account (e.g. child birth) 	 Policies are in place (yes/no) Extensions of post-doc posts are possible (yes/no) # of post-docs who used the possibility of extension Contracts take major life events into account (yes/no) 	 Assessment of fixed-term contracts vs. permanent positions/contracts Proportion of researchers with 'precarious' working contracts

Equal pay

Potential activities	Examples for measures	Indicators related to the activity	Indicators related to the target = Indicators to measure changes
Avoiding a gender pay gap	Collection of gender-disaggregated data on salaries	• Do you have gender-disaggregated data on salaries? [GENDER-NET²] - Yes - No - Do not know If yes, how frequently do you collect this data? - Annually or more frequently - Less than annually - Do not know • Is there a "variable part of salaries" for the staff in your institution? [GENDER-NET³] - Yes - No - Do not know - Not applicable If yes, what does this "variable part of salaries" include? (Please select all that apply) - Wage bonus - Extra-pay for leading positions (head of department, laboratories) - Extra-pay for expertise - Other (please specify) If yes, do you have data measuring "variable part of salaries"? - Yes - No - Do not know If yes, is this data gender-disaggregated? - Yes - No - Do not know • Does your institution have a measure aimed at avoiding a gender pay gap? [GENDER-NET⁴] - Yes - No - Do not know	• Gender Pay Gap

Mobility

2025/10/02 17:55 7/8 The GENERA PAM Tool

Potential activities	Examples for measures	Indicators related to the activity	Indicators related to the target = Indicators to measure changes
Structures and services	Central contact / service unit Dedicated service/department for supporting and coordinating mobility	 Service unit established (yes/no) # of researchers using the service unit or department Specific structure (a dedicated service/department) for supporting and coordinating - incoming international mobility (yes/no) [GENDER-NET⁵⁾] incoming international mobility specifically for women researchers (yes/no) [GENDER-NET] incoming national mobility (yes/no) [GENDER-NET⁶⁾] incoming national mobility specifically for women (yes/no) [GENDER-NET] outgoing international mobility (yes/no) [GENDER-NET⁷⁾] outgoing international mobility specifically for women researchers (yes/no) [GENDER-NET] outgoing international mobility (yes/no) [GENDER-NET] outgoing international mobility specifically for women researchers (yes/no) [GENDER-NET] 	• Sex differences in the international mobility of researchers during their PhD • Sex differences in the international mobility in post-PhD careers researchers
Support to foster mobility	 Financial support (e.g. grants, fellowships) Organizational support (e.g. dual career service, counselling service) Family support (e.g. childcare) General Support (e.g. finding accommodation in the host country) 	• Support available by outgoing/incoming mobility, by international/national mobility [GENDER-NET ⁹⁾]: - Financial support (yes/no) - Administrative/papers support (yes/no) - Child care support (yes/no) - Other family dependents support (yes/no) • # of researchers using the support services	
Supervisors	• Supervisors for researchers before or when going abroad	Supervisors available (yes/no)	

Please click on the activities associated with your task and study the suggested measures
