

<b>Title:</b>	<b>Creating Futures in Science - workshop</b>
<b>Implementation</b>	
<b>Field(s) of Action:</b>	* Presence and Visibility
<b>Objectives:</b>	<ul style="list-style-type: none"> <li>* Information about science careers in a new methodical way</li> <li>* Support for young female scientists</li> <li>* Career development</li> <li>* Network between researchers</li> <li>* Personal career planning and self-reflection</li> </ul>
<b>Target Group(s):</b>	PhD students, PhD candidates and research assistants Postdocs and mid-career scientific Female researchers on the early career stage
<b>Description:</b>	<p>The workshop "Creating Futures in science" was designed to help young women scientists successfully transition from a post-doc to a high level scientific career. The scenario women design for themselves encourages their self-confidence in career terms. A scenario-building workshop to answer the following questions was developed:</p> <ul style="list-style-type: none"> <li>* Which events and decisions influence scientific careers?</li> <li>* How do you get transparency in (German) research?</li> <li>* How can you spot factors that are relevant for careers with specific scenarios?</li> </ul> <p>The workshop takes 1,5 days and following activities are recommended:</p> <ul style="list-style-type: none"> <li>* Research evidence</li> <li>* Discussion with role models</li> <li>* Activities involving question and answer sessions with experts</li> <li>* Participants working in pairs on each other's CV and formulating one's own CV, presenting the CV afterwards</li> <li>* Session to reflect what was learnt and achieved</li> </ul>
