| **Title:** **\|Female friendly graduate department questionnaire\|<br><br>\|Implementation\| \|<br>\|Field(s) of Action:\|@#A9E2F3: * Gender-inclusive/sensitive Organisational Culture\|<br>\|Objectives:\|* To assess the cultural environment that women students face<br>* To prevent sexual harassment and gender discrimination that lead to dropout\| \|Target Group(s): \|Women students\|<br>\|Description: \|The APS Committee on the Status of Women in Physics has facilitated the collection of responses to a series of questions about graduate programs in physics that should be helpful to those interested in assessing the climate for women at various graduate schools. Department chairs (or their assignees) were asked the five questions below. All the responses are self-reported by department chairs (or their assignees), and the APS and CSWP assume no responsibility for the accuracy of the information submitted. The responses, for each institution, can be obtained through the website. The questionnaire is really short and easy.\| \|More information:** | American Physical Society (USA)<br>Website:<br>https://www.aps.org/programs/women/female-friendly/index.cfm |
