

<b>Title:</b>	<b>Gender in Physics - Workshop</b>
<b>Implementation</b>	
<b>Field(s) of Action:</b>	* Gender-inclusive/Gender-sensitive Organisational Culture
<b>Objective:</b>	* provide different perspectives from all qualification levels and make an essential contribution across the theme GE in physics
<b>Target Group(s):</b>	Students (undergraduate and graduate) PhD students, PhD candidates and research assistants Postdocs and mid-career scientific personnel Professors Management and Leadership
<b>Description:</b>	<p>This workshop gives different target groups the opportunity to talk to each other about gender equality and inequality within their work environment. The themes include specific aspects of:</p> <ul style="list-style-type: none"> <li>* "What is gender equality?"</li> <li>* "What measures to promote equal opportunities for men and women are there?"</li> <li>* "What are actual needs of female and male scientists?"</li> </ul> <p>It is a possibility to present current and past activities, initiatives and policies towards gender equality and - if exists - the organisation's Gender Equality Plan. All gender relevant decision makers (including HR management) can participate as well as active leading women scientists.</p> <p>The debate concerning gender equality raises awareness at all qualification levels and gives impulses to take the first steps towards gender equality in the own organisation.</p>
