Title: **|Kid´s University**** | |Implementation|  | |Field(s) of Action:|**@#A9BCF5: * Presence and Visibility| |::: |@#D0A9F5: * Gender Dimension in Research and Education|** |Objective:|**Create interest for STEM fields|** |Target Group(s): |**Pupils/School students (ages 7-14)|** |Description: |**The Kid´s University is a programme of lectures and workshops especially for children. Professors and other scientific staff recreate student´s life for kids: each participating child is assigned their own student identity and after the finishing of diploma. The lectures feature different topics from STEM fields and other fields that are studied at Karlsruhe Institute of Technology. The Kid´s university inspires children to be excited about and choose a career as researchers or scientists in STEM fields.|** |More information:**	Karlsruhe Institute of Technology - KIT (Germany) Contact: Ralph Pawlowski ralph.pawlowski@kit.edu Website: http://www.kinder-uni.kit.edu/index.php
