

<b>Title:</b>	<b>Post Career Break Fellowship</b>
<b>Implementation</b>	
<b>Field(s) of Action:</b>	* Structural Integration of Gender Equality * Flexibility, Time and Work Life
<b>Objective:</b>	Providing an opportunity for scientists/engineers to return to work after a career break for family reasons/caring responsibilities (e.g. parental leave, sick relatives)
<b>Target Group(s):</b>	PhD students, PhD candidates and research assistants Postdocs and mid-career scientific personnel Graduates, doctoral and postdoctoral researchers after a career break of two years or more
<b>Description:</b>	<p>This programme offered by CERN provides graduated scientists and engineers with an opportunity to restart their career. After a break of two years or more, due to family or other caring responsibilities, the participants are able to resume their career with a three year full-time or part-time fellowship. The fellowship allows the scientists and engineers to update their knowledge and skills at the forefront of research.</p> <p>If participants are interested they can further qualify an additional funding in the scope of their fellowship to spend a further 12 months in different institutes that are related to their CERN-fellowship project.</p> <p>The programme has been extended and is successfully aiming at moving participants back to the regular job market.</p>
