<b>Description:</b>	<p>The “PraktikumsInfoBörse” at the University of Stuttgart is an information service for internships. It is aimed at female students, graduates, and early career researchers; especially in STEM fields, and companies in the Stuttgart region.</p> <p>Companies offering internships can get in touch with highly qualified female candidates. Organisations become acquainted with them and recruit them as excellent employees.</p> <p>It provides an opportunity for internship students and early career researchers to experience real-life work and research applications. They also gain access to career possibilities which do not link up directly with their academic subject.</p> <p>The “PraktikumsInfoBörse” offers both obligatory and voluntary internship placements, project and dissertation placements and the opportunity to write a graduate thesis within a company. The participants negotiate with the companies directly, to discuss the details and duration of a placement.</p>
