Title:	Professeure
Implementation	
Field(s) of	* Structural Integration of Gender Equality
Action:	* Gender Dimension in Research and Education
Objectives:	Provide a tenure track assistant professor position for female researchers
Target Group(s):	Senior researchers who are candidates for an associate or full professor position.
Description:	This project provides funding for transitional tenure track jobs for a maximum of three years within departments expecting to fill a permanent position within one to three years. This program allows the University of Geneva to employ and promote female researchers for full or associate professor positions by giving them a temporary position within the institution for example as an assistant professor. There is funding for 3 such positions a year within the institution. The candidates with a corresponding profile are nominated based on which departments have positions to be filled in the appropriate time-scale.
